

COILED TUBING

Eastern has intentionally brought together best-in-class equipment, personnel, and processes to create operator value. We pride ourselves in having an efficient and safe operation that is data-driven. Our goal is to have a repeatable operation that clients can depend on. We have created this high-performance culture by following our simple model:

Exceptional Trained Personnel

- Fit-For-Purpose Equipment
- Pre-Job Engineering, Modeling, & Predictive Analytics
- Basin Focused Logistics
- Job Execution with Real-Time Monitoring
- Post Job Report with Captured KPI's

Equipment

- Fleet of CT units (1-1/4" – 2-3/8" OD)
- High Pressure Frac Pumps
- High Pressure Double Pumpers
- Nitrogen Services
- Acid Services Including Acid Plant
- Cranes

Applications

- Horizontal Drill Outs
- Acid Treatments
- Packer / Plug Setting
